190557 DISTURBANCE

No BWC associated with this case

On 9/29/19 around 0823 hours, I, Corporal Rob Stewart of the Monument Police Department was dispatched to 265 Second Street on report of a disturbance. The Palmer Lake Police Department was also dispatched and responded as cover.

Additional information received was that the neighbor next door reported hearing sounds like he is going crazy, heard banging and glass breaking, the call taker could hear yelling, possible drug use involved and subject has a machete. The subject lives there with his grandmother and he has a history of violence.

A 'CAUTION' was aired that David Jaxon PAGE [REDACTED] is hostile towards law enforcement and send two LEO on all responses. The subject has previously threatened to kill L.E. on 12/25/18.

The reporting party, ELIZABETH (unknown last) reported that she saw the grandmother leave Friday but had not returned.

Upon arrival I observed a door and window glass to the apartment broken out on the front of the building on Second Street as well as a window glass to the apartment broken out on the back side. There was also items that had been thrown out of the window among the broken glass. I could hear banging going on inside the apartment.

Prior to making contact I spoke with ELIZABETH via phone. She resides in the apartment directly west of PAGE. She told me that PAGE has been yelling, banging around and breaking things in the apartment since early in the morning. She told me that she saw his grandmother carrying a small suitcase being picked up Friday afternoon and had not returned. She has also been unable to reach her via phone. She told me she had also contacted the landlord to let him know what was going on in the apartment and advise him of the broken glass. She told me she saw him in the apartment with a machete in his hand. She was able to see this from outside looking in through the broken window.

I then spoke to the neighbor to the east of PAGE, Edwin SLATER (not identified) who told me PAGE had started banging around in the apartment since around 1:00 to 2:00 in the morning. He told me it sounded like the walls of the apartment were being broken down. He told me that he was going to call earlier but he has had confrontations with PAGE in the past.

I then asked PLPD to cover the front door while I attempted contact at the rear. Upon approaching the apartment I could smell a strong odor of what I believed to be marijuana. I could still hear banging around inside. I knocked on the door and PAGE answered. As soon as he saw me he yelled, 'Go away! I don't have to talk to you. You need a warrant'. He slammed the door closed and I could hear the dead bolt being secured.

Because of the broken window I could hear him near the window and rear door. I called out to him, 'David'. He told me to 'go away', he 'doesn't have to talk to me' and he 'is not going to answer any questions'. This was his responses to all questions I was asking him.

I asked him;

Is he was alright- yes,

Is he was sick or injured- no,

Do you need medical- no,

Is there anything I can do to help you- no,

Can I call someone for you- no,

Do you feel like hurting yourself- no,

Do you feel like hurting anyone else- no,

How is your grandma- I don't know, do you know,

No, is she there with you- no,

Is anyone else there with you- no,

So there is nothing I can do to try to help you- no. I'm breaking my own things and it can all be replaced.

At that time I retreated to my vehicle, advised PLPD what was going on and telephoned ELIZABETH. She told me she still had not been able to contact Kathy (later identified as Kathy DAVID [REDACTED] (PAGE'S grandmother) because her voice mail box is full and she has not tried to call her back. I also obtained the phone number for Page's mother later identified as Cristina PAGE. I was able to contact Cristina Page (not identified) via phone and advised her of the situation. I asked if she would be able to step in and assist with her son. She told me she was first going to confirm that her mother was in fact away on a trip and would then call me back.

I then spoke with ELIZABETH and SLATER directly and explained to them that David Page was already barricaded himself in the apartment, was not suicidal or homicidal, and was damaging his own property. There was no other person in the apartment with him and that I had decided to not force a standoff situation at that time. I asked them if they felt safe staying within their apartments under those circumstances and they both said they did. I offered to stand by for them until they could leave safely if they wished and both declined. I advised them that if

the situation escalated to call us back.

I then met with the owner of the building, John WILSON (not identified) in the church parking lot just north of David PAGE'S apartment so I could observe the apartment from a distance. I explained the reasons for my decision to him. He did not agree but said he understood.

I was then dispatched to assist PLPD on a call. While on that call I received a phone call from Kathy David. I explained what I had observed and my decision to not force a situation at that time. She told me she left on Friday afternoon to take a trip away because she couldn't take it any longer being there with him. At that time she said she was on her way back but still around three hours away. She told me she was not coming back to the apartment because she was afraid. She added that although David PAGE has threatened her and treats her badly that he has never harmed her physically.

I spent some time with her giving her suggestions on how to seek resources that may help her. She told me she does not have power of attorney over him, Adult Protective Services or DHS has not been involved. I suggested she attempt to contact the courts to issue a protection order and/or eviction.

At approximately 1500 hours officers were dispatched back to the residence in reference to a shooting. Information aired that several persons were reporting that their windows were shot out of their vehicles when driving on Second Street. Another caller was reporting that someone had shot his wife with a pellet gun. Further reports were that it was believed the shooter was shooting from inside an apartment where the windows were broken out and possibly shooting a pellet gun.

I arrived on scene approximately 1505 hours and witnessed the shooter actively shooting at vehicles driving by on Second Street. I could hear what I believed to be pellets shattering windows of vehicles as they passed by. As other units were being dispatched to the area I re located my marked police vehicle to block traffic travelling west on Second Street and requested other units to do the same at Jefferson Street and then set up containment.

I went to the rear of the apartment building and from a cover position contacted ELIZABETH by phone. I asked her if she would have David PAGE'S phone number. I obtained a phone number which I passed off to a nearby Deputy to attempt to call. I then advised ELIZABETH that I wanted her to evacuate her apartment and instructed her on how and the direction I wanted her to leave. I did observe that she had left her apartment as I had instructed. I then contacted SLATER and advised him he would need to leave his apartment. I stood by as he safely left the area. I attempted to contact the residents at the far east end of the apartment building but learned they had already vacated.

I then spoke with Lt. Manzanilla via phone who was en route and asking for what additional assistance was needed. While attempting to contact Sgt/Commander Hudson and Commander/Chief Owens to advise them of the situation I was approached by Sgt Hess who was inquiring if the Monument Police Department was requesting assistance from their tactical team. I advised him that I had one other officer on scene besides myself and one unit from PLPD and, 'Yes I was asking for their assistance.

During this time I overheard radio communications that the shooter was actively taking shots at officers and patrol vehicles. It was learned that the shooter was then shooting out of the back side of the apartment and I did experience several rounds pass closely past my head from my location near 325 Second Street.

A short time later I was contacted by Lt. Gonzales. A command center was set up in the parking lot of 325 Second Street. I briefed him on the known to me at that time. At around 1600 hours tactical command was turned over to Lt. Gonzales. I advised that a staging area for media would be at the corner of Beacon Lite Road and Second Street.

At end of call out I observed a large chip in the windshield of unit 2172 probably caused by a pellet. Damage estimate is unknown at this time.

## Supplemental Narrative

<b>Written By</b> SEBASTIAN, RYAN	<b>Date Written</b> 09/30/2019
--------------------------------------	-----------------------------------

190557 DAMAGED PROPERTY

BWC is associated with this case

On 9/29/2019 at approximately 1633 hours, I, Officer Sebastian and Corporal Case assisted units in gathering information on the listed suspect involved in a Disturbance.

We arrived at the Monument Police Station at approximately 1633 hours in order to gather a statement from a possible witness. The witness, Edwin SLATER [REDACTED] advised that he had previously seen the suspect with a pellet gun, he advised that he is very familiar with firearms and stated that he knew that it was a pellet gun from the size of the barrel. SLATER stated that the pellet gun did not have any key identifiers indicating that it was a pellet gun, such as an orange tip, or colored markings.

SLATER stated during the early morning hours on 9/29/2019 at around 0200 hours he was woken up from sleeping, due to the suspect next door breaking things in his apartment. He stated that he believed the suspect was on the phone at the time, and could hear the suspect shout "fuck you" at one point. SLATER stated that the disturbance was so loud that he could hear masonry falling between the walls, as he was breaking items. He advised that the shouting, and banging inside the suspects apartment continued from the hours of 0200-1100 hours. SLATER stated that an Officer came to the suspects home around 1100 hours and spoke with the suspect for approximately 30 minutes, and stated that the suspect stop shouting and breaking things for nearly 2 hours after the Officer left. SLATER stated that he was watching television and making dinner when Officers asked him to exit his residence at approximately 1400 hours.

SLATER stated that he didn't believe any of his own property was damaged.

CASE STATUS: Active

## Supplemental Narrative

<b>Written By</b> FIOCCHI, EDWARD	<b>Date Written</b> 09/30/2019

190557 - Damaged Property

No BWC associated with this report  
Digital Photos associated with this report.

On 09/30/19 at approximately 1345 hrs., I Officer Edward Fiocchi of the Monument Police Department met with victim Anthony SULLIVAN [REDACTED] in the lobby of the Monument Police Department.

SULLIVAN stated that on 09/29/19 at approximately 1500 hrs, he was driving his black in color 2018 Chevrolet Tahoe bearing Colorado BVC624, westbound on 2nd Street near the intersection of Jefferson. At that time, he heard a loud impact to his right rear door as he passed a blue in color pickup truck.

At approximately the same time, SULLIVAN saw a white male trying to wave him down, but did not stop and continued westbound away from the area.

I took photos of the damage to SULLIVAN's vehicle and entered them into this case file. In addition I provided

SULLIVAN with my contact information and the case file number for reference.

CASE STATUS: Active

## Supplemental Narrative

Written By  
MARKS, JOSHUA

Date Written  
10/07/2019

### 190557 DISTURBANCE

On 09/29/2019 at approximately 1506 hours, I, Ofc. J. MARKS of the Monument Police Department responded to the report of a disturbance at 255 2nd St.

At approximately 1509 hours, I arrived on scene and parked in the School District 38 drive way, southwest of the disturbance address. As I exited my marked patrol car, I came across a white male, yelling and threatening someone at the address building. As I approached, the man, Brian MANN [REDACTED] said that someone in the subject building shot his car with a BB gun, and was shooting everyone and every car that went past. The man us very angry and was yelling profanities at the subject. I told him to get back so that we can figure out what was going on. At that time I heard what sounded like a BB or pellet gun fire and I heard the sound of a BB hit the side of a car that was driving past. The subject was yelling out of the window, but I could not make out what he was saying. I went back to my vehicle and moved it down the street, to the west, on 2nd St, to block cars from driving past.

As I moved to the west side of the subject building, I made contact with Rick STEVENS [REDACTED]. He was driving a maroon SUV that had been hit by multiple BB's and his young daughter, [REDACTED] was hit in the upper right arm by a BB that came through the window. MANN came back up yelling and I had to tell him to back off again. I went down to the the church on the corner of 2nd St. and Jefferson to check on [REDACTED] to see if she needed medical attention, and called for ambulances to come to the intersection of 2nd St. ad Jefferson St. approaching from the west, to check on her. I returned to the subject building and two elderly, black females, who stated they were neighbors of the man creating the disturbance. I evacuated the three of them down to the church.

As I stood containment on the northwest corner of the building, two Colorado State Patrol vehicles approached down an alley to from the north. I waved them off and the backed up to 3rd St.

During the duration, continuous shots from the BB gun could be heard firing from the south and north side of the building. The sound of glass breaking started and someone stated over the radio said that the subject was now attempting to barricade himself in the apartment.

Three Tri-Lakes Firefighters came to my position from the west on 2nd St. I asked them to assist in pushing the crowd back to the corner of 2nd St. and Jefferson St. During this time, multiple reports came over the radio of numerous emergency vehicles that had been damaged by BB's fire by the subject.

Another report came over the radio that the subject had a ladder and was attempting to climb into the rafters. At that point, I moved back behind a yellow pickup truck on the northwest corner to have a better observation of the west side windows, in the event the subject gained entry into adjacent apartments through the ceiling

I maintained containment of the northwest corner of the building until the El Paso County Sheriff's Office SWAT team came an relieved, at which point I went to the intersection of 2nd St. and Jefferson St. to hold outer containment.

While holding containment, Sgt. Jon HUDSON of the Monument Police Department came down and collected my

body worn camera.

I maintained my containment position until approximately 0349 when I was instructed to start to breaking down the containment barriers.

At approximately 0400 hours, I cleared the scene.

CASE STATUS: Cleared

### Supplemental Narrative

<b>Written By</b> ROMANO, ANDREW	<b>Date Written</b> 10/08/2019
